Brush Cutter Brochure

**POWER. PRODUCTIVITY. PROVEN PERFORMANCE.**

---

Distributor of agricultural, construction and landscape equipment

### Mini Skid Steer Brush Cutter

- Available in 42" and 48"
- 42" built for mini skid steer hitch only
- 48" available in both mini and full-size skid steer hitch
- Available in low flow and standard flow
- 3/16" reinforced steel deck
- 1/2" blade carrier plate
- High strength push bar on front
- Motor cover for added protection
- Reversible, replaceable, bi-directional AR 500 hardened steel blades
- Includes hydraulic hoses and fittings
- 1 year warranty
- Warranty does not cover blades or hoses

*\*42" shown with mini skid steer (Dingo) hitch*

Powered by **EATON**

Direct Drive Hydraulic Motor

*\*48" shown with skid steer hitch*

Overall Dimensions:

42" cutter: 48.5" (W) x 51" (D) x 22" (H)

48" cutter: 54" (W) x 57" (D) x 22" (H)

Model #	Description	# of Blades	Cutting Capacity Diameter	Hose Size	Motor	Oil Flow Required	Est. Weight
1BCMNSSLF42	42" Mini Skid Steer Low Flow Brush Cutter	2	3"	.63" x 117"	2K-80cc	14-20 GPM	373
1BCMNSSLF48	48" Mini Skid Steer Low Flow Brush Cutter	3					426
1BCMNSSSF42	42" Mini Skid Steer Standard Flow Brush Cutter	2			2K-130cc	18-25 GPM	373
1BCMNSSSF48	48" Mini Skid Steer Standard Flow Brush Cutter	3					426

Replacement blade kit for 42" cutter includes: 2 blades, bolts and nuts; must be welded

Replacement blade kit for 48" cutter includes: 3 blades, bolts, and nuts; must be welded

(Must buy entire kit for safety purposes)

### Xtreme Skid Steer Brush Cutter

- Available in 60" and 72"
- Available in standard flow and mid flow
- 1/4" reinforced steel deck
- Eaton direct drive hydraulic motor
- 3,000 PSI relief valve
- High strength push bar on front
- Motor cover for added protection
- Reversible, replaceable, bi-directional AR 50 hardened steel blades
- Dual 3/8" blade carrier plates
- 7-1/4" deck height
- Includes hydraulic hoses and fittings
- 1 year warranty
- Warranty does not cover blades or hoses

Powered by **EATON**  
Direct Drive Hydraulic Motor

Safety Chain included with all skid steer models to secure on the host machine to limit the height that the cutter can be raised.

#### Overall Dimensions:

60" cutter: 75" (W) x 68" (D) x 22" (H)

72" cutter: 82.5" (W) x 80" (D) x 22" (H)

Model #	Description	# of Blades	Cutting Capacity Diameter	Hose Size	Tip Speed	Motor	Oil Flow Required	Est. Weight
1BCSF60	60" Skid Steer Standard Flow Cutter	3	7"	.63" x 117"	8,500-10,000	2K-130cc	18-25 GPM	1380
1BCSF60T	60" Skid Steer Standard Flow Cutter w/ Teeth							1430
1BCSF72	72" Skid Steer Standard Flow Cutter							1500
1BCSF72T	72" Skid Steer Standard Flow Cutter w/ Teeth							1550
1BCMF60	60" Skid Steer Mid Flow Cutter					4K-160cc	22-30 GPM	1380
1BCMF60T	60" Skid Steer Mid Flow Cutter w/ Teeth							1430
1BCMF72	72" Skid Steer Mid Flow Cutter							1500
1BCMF72T	72" Skid Steer Mid Flow Cutter w/ Teeth							1550

Replacement blade kit for 60" cutter includes: 3 blades, bolts and nuts; must be welded

Replacement blade kit for 72" cutter includes: 3 blades, bolts, and nuts; must be welded

(Must buy entire kit for safety purposes)
